

An incoming high-priority service request ticket is received in the Spiceworks help desk queue.

The screenshot displays the Spiceworks help desk interface. At the top, the Spiceworks logo is on the left, and navigation links for Articles, Community, Research, IT Tools, Newsletters, Vendors, SpiceWorld, and #Servers2026 are on the right. Below the navigation bar, a sidebar on the left contains icons for various functions. The main area shows a ticket queue with a filter set to 'Open'. Above the table, there are buttons for 'Bulk Update', a search bar, a '+ New Ticket' button, and pagination controls showing '1 - 1 of 1'. The table has columns for ID, Summary, Assignee, Creator, Organization, Priority, Category, Status, Created, Updated, Due Date, and Response. One ticket is listed with ID 4, Summary 'Password reset request', Assignee 'Yahya khalif', Creator 'sarah.smith@ktechmobile046.o...', Organization 'K-tech Mobile', Priority 'High', Category 'Software', Status 'Open', and both Created and Updated times as '1s ago'.

ID	Summary	Assignee	Creator	Organization	Priority	Category	Status	Created	Updated	Due Date	Response
4	Password reset request	Yahya khalif	sarah.smith@ktechmobile046.o...	K-tech Mobile	High	Software	Open	1s ago	1s ago		

The ticket, titled "Password reset request," is categorized under Software

The ticket status is updated from "Open" to Pending.

The screenshot displays the Spiceworks web interface. At the top, a navigation bar includes links for Articles, Community, Research, IT Tools, Newsletters, Vendors, SpiceWorld, and #Servers2026. A green notification banner at the top center states "Ticket updated". Below this, a filter bar shows the "Open" status selected, with options for "Bulk Update", "Search", and a "+ New Ticket" button. The main content area shows "No tickets found." Below this, a ticket titled "#4 Password reset request" is displayed. The ticket details include the user "sarah.smith@ktechmobile046.onmicrosoft.com" (4m ago), User: Sarah Smith, Department: Finance, and Issue: I cannot remember My password. The ticket is currently in the "Waiting" status. A sidebar on the right shows the ticket's metadata: Organization (K-tech Mobile), Contact (sarah.smith@ktechmobile046.onmicr...), Assignee (Yahya khalif), Status (Waiting), Priority (High), Due Date (Not set), and Category (Software). The bottom of the interface features a "Type a public comment..." input field.

Reset password

sarah.smith@Ktechmobile046.onmicrosoft.com

- ☒ Automatically create a password
- ☒ Require this user to change their password when they first sign in

Using these settings, the user will receive a default password, and will be prompted to change it after sign in.

Reset password

As admin we have the option of 1 - Allowing SSPR where users can reset their own password using configured recovery methods
Versus
2- (The one currently being demonstrated) Admin-assisted password reset where an authorized admin/helpdesk technician resets the user's password.

Password has been reset

Print

Password has successfully been reset.

You've successfully reset the password for this user.

Recommended actions (1)

Allow users to reset their own passwords

Based on manual password resets

Reduce support costs by turning on self-service password reset for all users in Microsoft Entra ID. User...

Turn this on in Microsoft Entra ID ...

Here I am presented with the option of allowing users to reset their own passwords however I will continue using the Admin assisted method
